## TAGLIATELLE FLAT

Hailing from the Emilia-Romagna region, Tagliatelle are long, flat ribbons of pasta similar in size to fettuccine. Their broad shape is perfect for holding chunky and hearty sauces.

## LASAGNE GIALLE

These wide, flat noodles are the foundation of the classic layered pasta dish they're named after—Lasagne. Perfect for holding layers of rich sauces, cheese, and fillings.

PENNE RIGATE

SPAGHETTI

FUSILLI

The excellence of premium Italian wheat, sourced from central-southern Italy, is perfectly blended with pure spring water from the Dolomites to create Bragagnolo. Passed through traditional bronze dies, this artisanal pasta boasts an unmistakable rough, porous surface—a true mark of quality and authenticity.

Available in traditional long, short, and special shapes, Bragagnolo's unique texture allows sauces to cling beautifully, delivering a rich aroma and an unforgettable dining experience.
